MARCOS SILVA

Senior QA Engineer | Web, Mobile and API Test Automation

Salvador, Brazil | marcos.silva020594@gmail.com
linkedin.com/in/marcos-silva-1046a328a | github.com/marcossilva-qa | Portfolio: marcossilva-qa.github.io

PROFESSIONAL SUMMARY

Senior QA engineer in Web, Mobile and API test automation integrated with databases, focused on telecom subscription products. Experienced with BDD, CI/CD and risk-based testing.

PROFESSIONAL EXPERIENCE

Senior QA Engineer

Hitss Brasil | Oct 2023 - present | Hybrid

- Built the product's end-to-end QA automation pipeline (Playwright, TypeScript, Newman): **2,096 scenarios** covered, **–94% human effort** per regression cycle and **–96% test material** to maintain.
- Subscription lifecycle testing: acquisition, suspension, resumption, cancellation, chargeback, revocation and expiration, with credit card and Google Play.
- API automation in Postman with JavaScript scripts, chained flows, multiple environments and test data generation; BDD with Gherkin and Cucumber.js.
- Web automation with Playwright, Cypress and Selenium and Mobile automation with Appium, in Java, JavaScript and Python, including standardized evidence capture in Salesforce.
- Test suites in GitLab CI/CD pipelines, version control with Git and SQL validations.
- Test books in OpenText Octane, tracking in Jira and investigation of product catalog mismatches, with defect reports and evidence.

Senior QA Automation Engineer

Stigma System | Mar 2021 - Oct 2023 | Remote

- Designed test scenarios and test cases from business rules and acceptance criteria.
- Developed and maintained automated API tests, validating contracts, authentication, responses and business rules.
- Ran functional, integration and regression tests.
- Prepared test data for positive, negative and exception tests.
- Logged, tracked and verified defect fixes in collaboration with the development team.
- Analyzed automation results and investigated failures.
- Supported user acceptance testing (UAT), including scenario preparation and follow-up of the acceptance phase.
- Reviewed test coverage and prioritized business-critical scenarios.

Integrations and API Automation Analyst (Mid-level)

MR Consultoria Ltda. | Jan 2018 - Dec 2020 | Remote

- Developed and maintained REST integrations in PHP and JavaScript for internet service providers.
- Integrated the IVR with systems such as IXCSoft, MK Solutions, Receitanet, Controllr and SGP.
- Gathered requirements and mapped data between the integrated systems.
- Implemented invoice and connection statement queries, validating and handling the API responses.
- Handled communication and authentication failures and data inconsistencies.
- Ran functional and integration tests to validate the IVR flows.
- Analyzed logs and diagnosed integration issues.
- Documented endpoints, parameters, responses and configuration procedures.
- Supported integration and test routines in Jenkins.
- Took part in Scrum ceremonies and followed up on deliveries with the team.

Quality Assurance Intern

NPR Brasil | Nov 2014 - Nov 2016 | Salvador, Brazil

- Helped design and run test cases for a web financial system.
- Performed functional and regression testing under the guidance of the QA team.
- Prepared and modeled test data for different test scenarios.
- Checked calculations, field validations and business rules of the financial processes.
- Logged defects with evidence and steps to reproduce.
- Retested fixes and followed up on the results.
- Updated test documentation and organized the evidence.
- Worked with analysts and developers to clarify expected behavior.

TECHNICAL SKILLS

Testing: Playwright, Cypress, Selenium, Appium, Postman, Newman, Robot Framework, Gherkin and Cucumber.js.

Languages and data: JavaScript, TypeScript, Java, Python, PHP; Oracle, SQL Server, PostgreSQL, MySQL and MongoDB.

Delivery and management: Git, GitLab CI/CD, Jenkins, GitHub Actions, Jira, OpenText Octane and Scrum.

EDUCATION

Associate degree in Systems Analysis and Development

Universidade Pitágoras Unopar Anhanguera | Jan 2018 - Jun 2020 | Completed

CERTIFICATION AND LANGUAGES

Certification: ISTQB CTAL-TA | **English:** advanced (C1)
